

PEACE CONGRESS MAY HAVE WORLD TO RE-MAP, COAIM

Paris, Jan. 1.—Twelve take a congress of nations to settle the questions outside those raised by war which it is proposed the peace delegates should consider.

Almost as many issues have been raised which would ordinarily be matters for national determination as have grown out of the disruption of the central powers.

President Wilson's principle of self-determination has been the cue for discontented subject peoples all over the world to rise up and demand liberty or realignment with some other nation.

A few of these problems may come before the peace congress after the central powers are disposed of and damages assessed. Others may be left for the league of nations to consider, should that body come into being.

Still others are plainly matters for settlement within the countries in which they arise.

Here are some of the principal demands which may be classed aside from the purposes of the peace congress:

WORTH \$50.00 A BOTTLE.

Wm. Barrow, San Antonio, Tex., writes: "Foley's Honey and Tar is the best cough remedy in the world. It has been worth \$50.00 a bottle to me. I had 'the flu' followed by pneumonia, which left me weak with a persistent cough. I needed rest and sleep, which I was unable to get. Some one advised Foley's Honey and Tar. I began taking it that very night. Before bed time I noticed relief, and that night had a sound sleep and perfect night's rest, the first since the beginning of the flu. I have completely recovered and do not cough at all. It cost me only \$1.20 to cure that obstinate cough with Foley's Honey and Tar. Let all who read this letter try Foley's. Sold everywhere."

sought. Has been part of the German empire since 1864 when with Holstein it was annexed by force, after years of strife between Danes and Teutons.

Korea—Established as a nation a century before Christ, later a Chinese dependency, then independent again, it finally came under Japanese control in 1910. Now it will ask the peace congress to grant it autonomy, though it has advanced greatly under Japanese rule.

Spain—Will appeal for cession of Gibraltar by Great Britain in return for Ceuta, across the strait, in Spain's African colony.

Catalonia—Asking Spain for autonomy, may carry its appeal to the peace congress under the principle of self-determination. Has long been a hotbed of rebellion in Spain.

Ireland—Demand for self government by Irish may be taken to meet by Sinn Feiners, who would make Ireland a free country.

Luxemburg—Annexation to Belgium may be proposed and approval of nations asked if people of Luxemburg and Belgium both desire it. Damages from Germany likely to be considered by peace delegates.

Limburg—Proposal has been made that this strip of Holland territory which extends in a narrow tongue along the eastern border of Belgium be annexed to Belgium. It was over this strip that German soldiers passed in the great retreat, thus violating Holland's neutrality. Limburg was awarded to Holland in 1839 when final settlement of the terms of separation of Belgium and Holland was achieved.

Aland Islands—These islands in the Gulf of Bothnia between Sweden and Finland are of strategic importance to Sweden and with the friendly relations now existing between Sweden and Finland may become the property of Sweden. As Finland is part of the Russian problem which the peace congress must consider, this transfer might be a matter of consideration by map makers.

China—Relations of China with Japan and the interposition of the peace congress in the civil difficulties between North and South China may be presented at the congress. China has asked allied aid in administering its finances. How far the gathering of nations will go into affairs of the orient is a question.

These are a few of the extraneous questions the peace makers will be asked to consider. Others rise from day to day. They're the kind of questions that might be expected to come before a court of a league of nations if such a league is formed.

Chamberlain's Tablets.

When you are troubled with indigestion or constipation, take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition.

RELEASED SERVICE

MEN TO BE GIVEN

"Y" MEMBERSHIP

Three months free membership is to be extended to all discharged service men by the Y. M. C. A., according to a resolution adopted at a meeting of city Y. M. C. A. secretaries of Alabama and West Florida, held in Montgomery Tuesday.

J. P. Moore of the Pensacola "Y" attended the meeting.

Other resolutions adopted follow:

Resolved, That each association will establish employment departments to aid returning soldiers, sailors and marines in securing employment.

Resolved, That each association will admit to its educational classes for the spring term, all men discharged from the service.

Resolved, That the existing associations will put on a program for those discharged soldiers, sailors and marines in order that they may find entertainment of a wholesome character while they are becoming readjusted to civil life.

Resolved, That the Y. M. C. A. will co-operate heartily with the churches in their program to interest and serve all returning soldiers, sailors and marines.

The local association plans to co-operate in all of these lines and to continue the work with the enlisted men it has been conducting since the camps have been located in this community. Scores of enlisted men are using the Palafox street building daily, and they will be represented in the basketball league now being organized.

Tokio, Dec. 31.—Japan's revenue for the current year is over \$500,000,000, an increase of \$140,000,000 over the preceding year.

GOVERNMENT LOSS ON THE RAILROADS IS NEAR \$150,000,000

Washington, Jan. 1.—The government's loss in operating the railroad in 1918 as calculated by the railroad administration officials is \$150,000,000. This represents the difference between the aggregate amount the government will be compelled to pay the railroad companies for the rental of their properties and the net income the government will receive from the railroads. Six months more and the receipts from the increased freight rates will permit the government to recoup its losses, officials believe.

If congress does not approve of the five year extension of federal control, and the president carries out his announced intention of returning the roads to private management at an early date, the government's loss will not be made up as the deficit does not include the hundred and fifty to two hundred millions loaned the railroads to help pay for an extensive program of improvements and the purchase of new cars and locomotives.

BURGLAR GANG IS BROKEN UP AFTER LEADERS TAKEN

With the arrest of Willie Williams and Johnny Russell, colored, last night, half a dozen more boys, none more than 14 years of age, are implicated in a series of burglaries of Pensacola business houses during the past two months. Deputy Sheriff George Hall, Captain Harper and Officer Williams were rounding up members of the gang last night.

Among the stores which have been robbed of over 500 sacks and quantities of confections and small amounts of cash are the Southern Grocery company, Roy Taylor, F. S. Meller Co. and Morris and Company. Williams and Russell were taken after the burglary of Morris and company's plant last night where over \$30 in cash was taken. They are believed to be the leaders of the gang. Parties who have been receiving the stolen goods are known to the sheriff's office and Deputy Hall said last night that further arrests might be expected at once.

SERVICE MEN IN NORFOLK FROLIC SOME; ONE DEAD

Norfolk, Va., Jan. 1.—One sailor was killed, another dangerously injured and several citizens received minor injuries early today in a disturbance which started after a midnight frolic by enlisted men from the army and navy on shore leave.

While the streets in the business section were filled with crowds celebrating the new year, hundreds of men in uniform held up street cars, hurled missiles at unoffending persons, raided restaurants, and looted show windows and pawn shops, from which weapons were obtained. The police opened fire on a number of men caught in the act of looting a jewelry store window after which fighting became general.

Resolved, That the existing associations will put on a program for those discharged soldiers, sailors and marines in order that they may find entertainment of a wholesome character while they are becoming readjusted to civil life.

Resolved, That the Y. M. C. A. will co-operate heartily with the churches in their program to interest and serve all returning soldiers, sailors and marines.

CATHOLIC COUNCIL GETS WAR PLEDGES OF OVER MILLION

Washington, Dec. 30.—More than a million dollars was today pledged by the National Catholic War Council at its headquarters here toward new year plans to provide for the future of the three million men already beginning to lay aside army and navy uniforms. Half a million dollars is to be devoted to the after care of disabled and wounded soldiers, sailors and marines while almost a quarter of a million apiece will start widespread employment and vocational training campaigns. Thousands of trained men and women workers are now being sent throughout the country by this Catholic organization to co-operate with government bureaus in these first undertakings in its reconstruction program.

For crippled and invalid fighters, many of whom must need special care for the rest of their lives, the services of committees of Catholic women are being enlisted in every central community in this country. Hundreds of trained nurses and special workers have been put at the disposal of the leaders in this after-care campaign, together with the facilities of every Catholic hospital in the land. Improved public interests are expected to be brought about by this work, which will be done in close co-operation with local chapters of the American Red Cross.

A hundred vocational advisory experts and a hundred thousand dollars have today been placed at the disposal of the United States Board of Vocational Education by the National Catholic War Council. In every Catholic college and school special efforts are being made to interest and train men to co-operate in this vital work of refitting the wounded soldier and sailor for industrial life.

To help every homebound soldier, sailor and marine to find a good job, almost two hundred thousand dollars is now being spent in organizing Catholics in community groups to co-operate with the United States Employment Service and other agencies in Boston, Chicago, New York and Philadelphia such organizations are already completed and placed at the disposal of the government, while 50 field directors to co-ordinate Catholic co-operation in every community, are being sent to every state, as assistants to the federal directors by the Reconstruction Committee of the National Catholic War Council.

LOCAL TOSSERS WIN EASILY OVER CAMP BENNETT

The Y. M. C. A. basketball team carried off the honors in an easy match played yesterday afternoon with the Camp Bennett five, defeating the sailors to the tune of 31 to 11. The P. H. S. five also took the oldtimers in a hot contest as a second feature of the "Y" open house, and were handed defeat in a score of 23 to 21.

The P. H. S. team played Creary, Howland, Barrow, A. Isen, Wilson and Vickery; the Oldtimers were Wallace, Forsyth, J. Olsen, Thomas, Sanchez and B. Johnson; the Camp Bennett five were Harvie, Robburn, Svrensen, Nolte and Oats, while the Y. M. C. A. regulars were Beckman, McIvoy, Brazzell, Herskovitz, DeSilve, Caro and J. Olsen.

MOTOR DRIVEN VESSELS MUST HAVE LICENSES

Owners of vessels driven by motor power are warned by the customs authorities that unless the numbers issued by the collector of customs of the port are displayed on the boat, parties who use the boat will be subject to fine. The penalty provided is \$10 and those who use their boats before receiving their number, even if application has been made, will be considered as violators of the federal law. It is also understood that persons are forbidden to shoot from the power boats, although no official information to this effect has been received.

DATE FOR RECEIVING SANITARY BIDS IS CHANGED TO JANUARY 15.

Mayor Sanders announced yesterday that the date upon which the city commissioners would receive bids for paraphernalia to be used in carrying out the terms of the recent sanitary ordinance had been changed from January 5 to January 13.

This was necessitated because of the time which is prescribed by law for advertising for bids on any such purchase. Advertisements for the fittings are now running in The Journal and bidders are requested to note the change in date.

EDWARD ROBINSON, WANTED HERE, IS CAUGHT IN CRESTVIEW

Edward Robinson, wanted here on a charge of grand larceny, was arrested Tuesday at Crestview by Sheriff Sutton of Okaloosa county, and was returned to Pensacola yesterday by Sheriff Van Pelt.
